Hi-Tech Home Honored with People's Choice Award for 11th Consecutive Year

CLOVIS, CA, September 20, 2020—Winners have been announced for the Fresno Bee's 2020 People's Choice Awards, and Hi-Tech Home is over the moon to take home the award for best Home Theater/Technology Company for the 11th year in a row.

Hi-Tech Home, is a leading technology integration provider, specializing in the design, sales and installation of entertainment, security and energy management services in Central California. Recently, the company has added Broadcast TV and high-speed internet services to its offerings.

"We're honored to be able to take home the award again this year," said Jay Cobb, President of Hi-Tech Home. "Being recognized by our community means the world to us, and we're continually thankful for the support of our clients. We'll continue to work hard for the community and bring the best technology services to the residents and business owners in Fresno county."

The Fresno Bee People's Choice Awards are awarded annually to Central Valley businesses. Recipients are chosen in a variety of categories based on votes submitted by the newspaper's readers.
